Absences:

- If the student is absent from class on the day of a test or quiz, the student will have one week from that date to schedule a time to make the test or quiz up. If the student does not schedule the makeup within one-week, the missing grade will be recorded as a zero. Depending on the nature of the assessment item, a variation may be given.
- If the student is absent from class, he or she is responsible for the material covered in class as well as any assignments that may have been given. The student may obtain the assignments upon return the following day. If an extended absence is necessary, the guidance office should be contacted so that arrangements can be made to have work sent home so that the student does not fall behind.
- If a student is suspended in-school or out-of-school, it is the student's responsibility to get the assignments and any notes from class and is responsible for all the work the day he/she returns to class. This includes all quizzes and/or tests. No extensions are given for suspensions.

Homework: One of the expectations of this class is to faithfully review the material covered in class every night for a minimum of 15 minutes.
